

MINI SLIM

Small 3-in-1 slim light

The ultra-thin, compact design of only Ø9mm allows inspection in even the most inaccessible and narrow work areas. This makes MINI SLIM ideal for very demanding and difficult inspection jobs.

The new MINI SLIM is designed with a 100% foldable body. When fully folded the lamp can be used as a traditional hand-held work light. In folded position, the MINI SLIM is reduced to pocket size - compact and portable to take with you everywhere.

The powerful 100 lumen spot light of the MINI SLIM light provides you with a flashlight function. As a unique feature, which has never been seen before, MINI SLIM can be used as flashlight when the lamp is folded, providing a powerful flashlight with a handy, firm grip.

- 3-in-1: inspection light, work light and flashlight in one lamp
- Extremely powerful illumination up to 200 lumen with a powerful flashlight function
- Ultra slim and compact design
- Strong built-in magnet and hook for flexible positioning
- Choose between 2 light settings (50% or 100%) for maximized operating time
